Get in gear for a "wheely fun" day to celebrate Halloween and the 10th anniversary of the Gary J. Arthur Community Center at Glenwood! Come dressed in your favorite costume to trick-or-treat at all of the trucks, tractors, and other fun vehicles. Each vehicle will be represented by our friends from County agencies, nonprofit groups, and local businesses, brought together by the community center. Tour an ambulance and fire truck, hear the police car's siren, climb aboard specialized parks equipment, and enjoy many other vehicles that do work in our community.
